

What people are saying about group events on StarLite

I would like to thank you for an absolutely wonderful and memorable trip on April 20. I can't imagine a better venue for a group; you made what could have been "just another meeting" into one that will be talked about for some time. I can't say enough about the crew and the way they performed. They are certainly to be congratulated. You made the entire day a super success for all of us.

Lary McSparren,
Gulf Islands Alliance

On Tuesday, after a disappointing encounter with another cruise, we walked up the Marina to explore options with you. Your staff was friendly, efficient, and customer focused. We were warmly greeted and every effort was made to accommodate our group. The lunch was delicious and expertly and meticulously prepared and served. Thank you so much for making this experience so wonderful.

Dennis Buthmann,
Westchester Gardens

Occasionally I find myself having to write a letter of complaint to a business, but I do not recall ever writing one like this in which I state that everything was "flawless."

From our first contact through the completion of the dinner cruise, everything ran smoothly. You were always ahead of us in anticipating our questions and serving our needs.

Gary Froid, Northwestern Mutual Life

Our private charter for my group went off flawlessly. I would like to thank you and the support staff for all your assistance in assuring that our requests and needs were met.

The level of service and attention to detail were phenomenal.

I don't honestly recall the last event from which I received so much positive feedback.

Congrats to your entire staff!

Margaret Foley-Easter,
Meeting planner for Creative Group

My wife and I attended the Medical Service Corps Reunion in Clearwater Beach in mid-September.

The highlight of our reunion was our dinner dance cruise aboard the Starlite Majesty.

The cruise was magnificent, especially when experienced with the breeze in your face and the beauty of the shoreline and passing attractions. The staff members were outstanding and saw to our every need. But, the food. I'm afraid the food stole the show. It was gourmet level. I don't recall when we've had better. Hats off to the chef and crew for an outstanding and memorable evening.

Edward Taylor, Medical Service Corps
